Dear Quality Manager Graham:

Subject: Extension of Scope of Accreditation

On February 6, 2018, the scope of ANAB accreditation was extended for the DC Department of Forensic Sciences to add the Chemistry category. This decision was based upon an extension of scope assessment led by Lead Assessor Kevin Ardoin on January 8-10, 2018.

Enclosed with this correspondence you will find the updated electronic version of the *Scope of Accreditation* document and the accreditation certificate, as well as a copy of the extension of scope final report.

If you have any questions, please feel free to get in touch with us.

Best Regards,

Pat Bencivenga
